

Japanese Language Culture Module: End-of-Unit

Student Reflection Survey

- (a) Briefly describe how the subject of culture was approached in your Japanese Language Lab or class.
- (b) Upon reflecting on the cultural topics discussed in your class, what was one topic/lesson/discussion you remember in particular? Why was this impactful (either in a positive or negative way)?
- (c) How did culture lessons in this class compare to any prior experience you've had learning about the Japanese culture?
- (d) Prior to starting the course, what were your expectations in terms of deepening your understanding of cultural matters in this class? Did the course meet these expectations?
- (e) Have these lessons affected how you think about others' life experiences? Why or why not?
- (f) Can you reflect upon your own perspectives about the Japanese family or home environment? Has your perspective changed after the learning activities? Why or why not?
- (g) Did you have any experiences outside of class that could relate to what we discussed in class?

- (h) What are the questions you have about culture that you would like to discuss more in a language class?
- (i) Regarding culture instruction, what recommendations do you have for us? What would you have changed if you could?
- (j) Please rate the cultural component in this unit/class in terms of enjoyment.

1	2	3	4	5
poor				extremely enjoyable

- (k) Please rate the cultural component in this class in terms of knowledge depth.

1	2	3	4	5
poor				It has greatly increased my knowledge
